Reports received from various sections of Vermont this afternoon indicated that a heavy vote was cast in

the State election to-day. After a stormy forenoon the skies cleared and the farmers drove in to the politing places over muddy roads. Automobiles were used to reach indifferent voters who dwelt within a radius of three or four miles of the voting

The rain persisted along the Connecticut Valley, but a fairly heavy vote was cast in a number of the small towns. A county fair in Rutland interfered somewhat with the interest in politics in that locality, but on the east side of the mountain the voting up to late this afternoon was heavier than usual at that time of the day.

NAMED BY WHIT TO CONVICT RAIDER

List Given by District-Attorney Includes Three Whose Testimony or Names Ha Not Been Mentioned Heretofore.

FAIL TO GET GRAFT JURY FROM FIFTY TALESMEN

Counsel Defies Court and Refuses to Go to Trial Sept. 12, but Goff Fixes Date.

In moving the trial of Lieut. Charles Becke for the murder of Herman Rosenthal to-day, District-Attorney Whitman made public the names of the witnesses upon whose testimony he expects to procuse a conviction by the jury. They are thirty in number, and the evidence of all but three has been made public through bearings and investigation tions since the murder was committed.

The witnesses are depended upon to establish a conspiracy to der Rosenthal, with Becker as the arch conspirator; to establish that professional murderers were hired to commit the crime; to show that these murderers killed Rosenthal, and that Becker ordered that money be paid to them after the crime was accomplished.

There may be other witnesses whom the District-Attorney is keeping in reserve. Justice Goff set Sept. 12th as the date for the beginning of the trial, but John F. McIntyre, of Becker's counsel, said he could not be ready at that time. He refused to enter a plea for his client when Becker was arraigned in the extraordinary session of the Supreme Court to-day, and a plea of not guilty was entered by the Court's order.

District-Attorney Whitman for running evidence, upon which he has been been a Supreme Court John Doe inquisition ing veiled accusations against many to police graft concurrently with the persons, is not so strong as it has been into police graft concurrency as it has been trials of Becker and the other defend- represented, for he made no move to trials of Becker and the other case was ants in the Rosenthal murder case was get another special panel, and, so far disarranged to-day when it was found as can be learned from his office, the impossible to get a Grand Jury to act impossible to get a Grand Jury to act project of having a special Grand Jury impossible to get a Grand July broject of having a special Grand July with the entraordinary term.
